FREE DIGITAL COMPANION

Spare Cards & Refill Reminder Sheet

Thank you for choosing The Heart Health Pocket Companion. This free pack gives you what the book cannot: unlimited spare copies. Print as many as you like for yourself or for a family member.

WHAT IS IN THIS PACK

- Pages 2 and 3: the four Keep-With-You cards (Medical ID & Emergency Contact, Medications at a Glance, Medical Alert, In Case of Emergency), two to a page, ready to cut out.
- Pages 4 and 5: the Refill Reminder Sheet. Two copies are included; print more whenever you need a fresh one.

HOW TO PRINT

1. Print on standard Letter paper (8.5 x 11 in) at Actual Size or 100%. Do not choose Fit to Page.
2. Pages 2 and 3 are landscape. Choose Auto orientation or Landscape for those pages if your printer asks.
3. Cut along the dashed lines. Fold or laminate a card if you want it to last, and keep it in your wallet or bag.
4. Prefer your phone? Photograph a filled-in card and set it as a favourite or lock-screen image.

HOW TO USE THE REFILL SHEET

- List each medicine once. Copy the refill date straight from the pharmacy label. This sheet does not calculate anything for you.
- Tick Asked when you have contacted the pharmacy and Collected when you have the medicine in hand.
- Use the box at the bottom for anything missed, late or changed, and tell your pharmacist or doctor about it.

This pack is a record-keeping aid, not medical advice. Always follow the directions of your doctor and pharmacist. Do not write passwords, card numbers or other sensitive account details on any card or sheet. © LogicManse Publications. For personal use only. Please do not resell or redistribute.
